Introduction to Applied Behaviour Analysis: Part 1, Instruction

a POPARD course hosted by

course description:

The *Introduction to Applied Behaviour Analysis: Part 1, Instruction* course is offered to teachers, paraprofessionals, and other educational staff. This 30-hour course reflects current research and evidence-based practices for using ABA techniques in educational settings. A brief review of Autism Spectrum Disorders opens the ABA course.

Research-based methods of effective adult instruction are now used in this course. These include practical hands-on activities, demonstration, coaching and application exercises as well as a variety of ways of evaluating participant learning.
